IN FAVOR OF HUGHES, OLD GUARD DISPLAYS OLIVE BRANCH

BRITISH VICTORY CLAIM HELD AS HUGE JOKE IN ALL GERMANY

England's Assertion of Success In Sea Clash Is Not Seriously Regarded

KAISER EXPECTED AT WILHELMSHAVEN TODAY

Vaux Battle Fronts Swaying Back and Forth With But Little Progress

VIENNA, June 5.—Five thousand six hundred Italians were captured on June 3, it was announced today.

NO SERIOUS CONSIDERATION IS GIVEN CLAIM

BERLIN, May 5.—Britain's claim of victory in the naval fight is taken as an enormous joke in all Germany. The claim is not even accorded the dignity of serious attention. It arouses mirth, but not resentment.

"Britain won an enormous tactical victory. About two more such tactical victories and the British navy will be reduced to rowboats," one official said today.

"Why does not the British Admiral name the German battleships claimed to have been destroyed?" the official asked.

The Kaiser is expected to review the fleet at Wilhelmshaven today.

The Germans realize the position that Britain is in. The British have boasted for years of their peerless navy. Along came real land fighting, in which England failed to take a full part, the Germans say.

Britain always referred to its peerless navy and to its unbeatable pride of the seas, which when the moment came would smash Germany forever. Britain, the Germans say, declared that it was going to "dig the rats out of their hole." Then came the fight. When the smoke cleared, the pride of the British was at the bottom of the seas, and the Germans were safely in their home ports, the Germans declare.

LIQUID FIRE ATTACKS ARE REPULSED BY FRENCH

PARIS, May 5.—The Germans attacked with liquid fire at Vaux but were repulsed, today's official statement said.

East of the Meuse the fighting is heavy. The Germans are unable to gain a yard.

The armies of the Crown Prince are battling at Verdun. Tremendously. The War Office today believed that this was an attempt of the Germans to strengthen the spirits of the German people, who were aroused by the North Sea battle.

FRENCH COUNTER ATTACKS DEFEATED AT VAUX

BERLIN, June 5.—All French counter attacks on the Vaux, Callette and Damouline line have been repulsed, it was today officially announced.

TURKS SMASH SLAVS BACK IN ASIA MINOR

BERLIN, June 5.—The Turks have driven the Russians back twenty-five miles in Asia Minor, it was announced today.

47 ALLY, 16 TEUTON AEROS LOST IN MAY

BERLIN, June 5.—The allies lost forty-seven aeroplanes during May and the Germans lost sixteen, a semi-official statement here today said.

ALL GERMAN LOSSES TOLD, BERLIN DECLARES

BERLIN, June 5.—Replying to British reports that several German dreadnoughts and battle cruisers were destroyed in the sea fight off Skagerrak, the German Admiralty has officially reiterated that all the German losses had been announced.

"No German naval units were lost except those mentioned in the official communiqué," says the official statement.

The communication adds that no Zeppelin was lost during the battle. The German press continues enthusiastically to comment on the German naval victory.

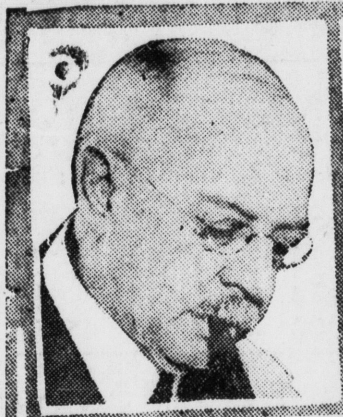

TEUTONS DEFEATED, CLAIM OF BRITAIN

LONDON, June 5.—"The British fleet won the fight in the North Sea. Our object was to sink the German fleet or to compel it to return to its base, where it has been impotent during the war. That object, hard earned, was achieved."

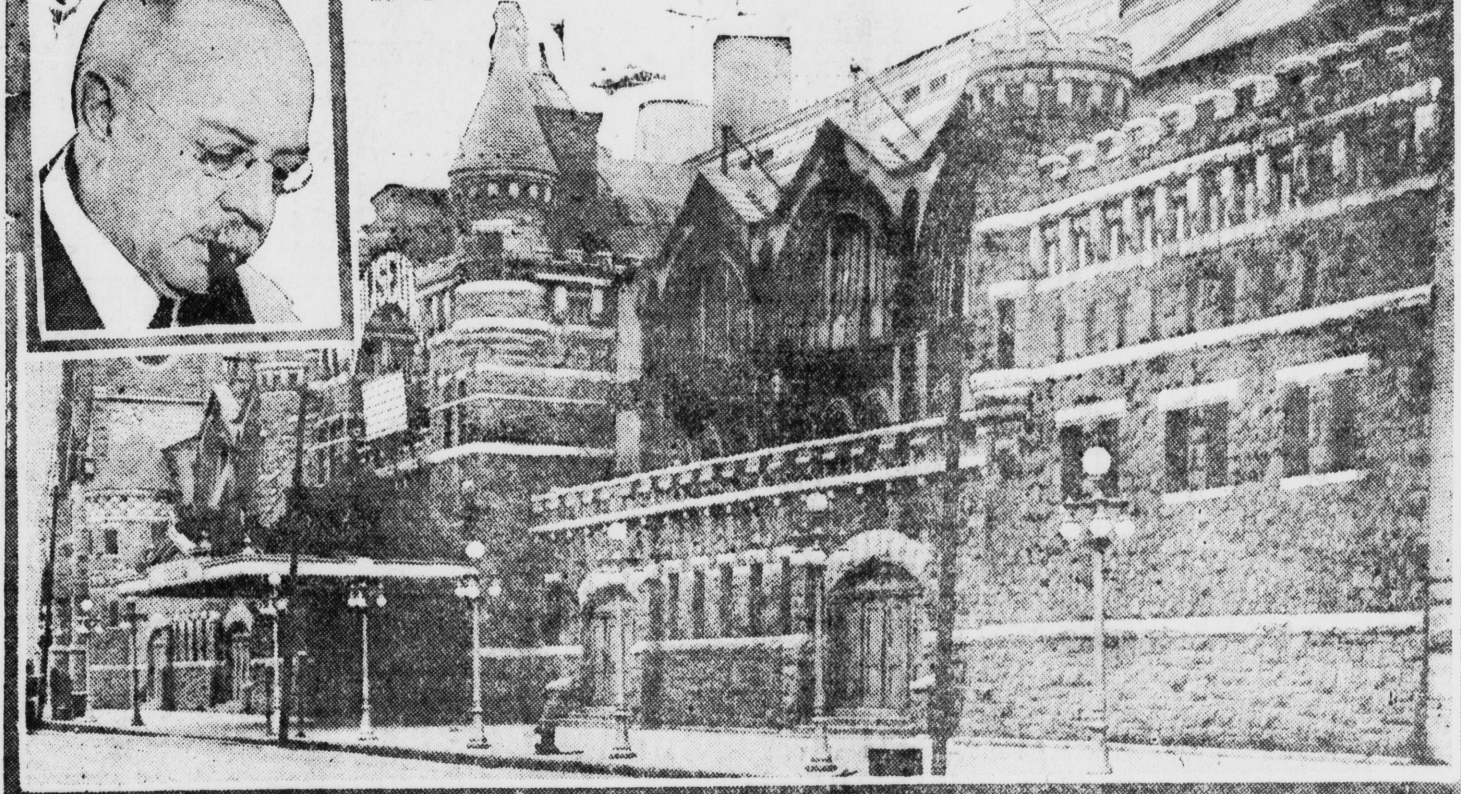

This statement that has been made by Lord Charles Beresford, former first lord of the admiralty, to the Daily News, expresses the British view of the great naval action off Skagerrak.

British victories
The British fleet was victorious, London is satisfied of that. And with

THIS photograph shows the Coliseum in Chicago where the Republican national convention will begin June 7. It may be as lively a show as the last national convention. Colonel W. F. Stone, the sergeant-at-arms, has been on the ground for weeks, very busy making arrangements.

COL. W. F. STONE

Lord Charles Beresford, London believes that the German losses were far greater in ships and men than the British, despite a German official statement received here yesterday denying that the Germans suffered losses other than were reported in the first communiqués of the German admiralty.

This opinion was confirmed last night by an official statement of the admiralty giving later and fuller details of the Armageddon of the waters when the two mighty battle fleets met in the sullen North Sea on misty Wednesday afternoon.

Teutons Lose 18 Craft

This statement, while admitting that it is difficult to estimate the exact losses of the Germans, because of the unfavorable weather and the darkness which cloaked part of the action, declares there is excellent ground for the belief that the Germans suffered the destruction of a least eighteen vessels—two battleships, two dreadnought battle cruisers "of the most powerful type," two of the latest light cruisers, an earlier type light cruiser, the light cruiser Frauenlob, at least nine destroyers and a submarine.

It was also officially announced that the number of officers lost in the sea battle is definitely set at 333, including Rear Admirals Hood and Arbuthnot, six captains, eleven commanders and eight chaplains. The wounded officers number 24, including a captain and a chaplain.

OATH OF OFFICE ADMINISTERED TO BRANDEIS

WASHINGTON, June 5.—Louis D. Brandeis at noon today took oath as an associate justice of the Supreme Court of the United States.

A distinguished assemblage of public men and members of both houses witnessed the oath administered. The oath of obedience to the Constitution of the United States was administered by Chief Justice White in the robing room in the presence of all members of the court.

Brandeis' response was: "I, Louis D. Brandeis, do solemnly swear that I will administer justice without respect to persons and do equal right to the poor and rich. I will faithfully and impartially discharge and perform all duties incumbent upon me as associate justice of the Supreme Court of the United States, according to the best of my ability and understanding."

ONE KILLED, NUMBERS HURT IN L. A. CRASHES

LOS ANGELES, June 5.—One man is dead, another was probably fatally hurt and five more were badly injured yesterday as the result of accidents in which automobiles figured.

John Eickhorn, 40, a moving picture actor of 128 East Second street, was struck at First and Main by the auto of W. S. Haller of 242 North Ditman street. His skull was fractured, his brain tissues lacerated and he died a few hours later.

Others injured in various accidents were: A. H. Benham, 79, a Civil War veteran; Wing Yen, Hubbard Lee, Donald Hike, Miss Hazel Carr, Mrs. Hubbard Lee.

EAT NO MEAT IN GERMANY FOR 2 MONTHS, FIAT

(By Carl W. Ackerman.)

BERLIN, June 5.—Herbert Von Batocki, food dictator, today declared that Germany must not eat meat for eight weeks. The regulation, he said, would cause no alarm in Germany.

"Seize of Germany has just begun," said Batocki.

The coming weeks may cause discomfort as the shortage of meat will continue at least three months.

Cattle are lean now, owing to the poor harvest of 1915 and must wait slaughter until fattened in the pasture. There is plenty of meat in the hospitals, where it is needed.

"Starvation is out of the question but we must consider the present and also the winter," said Batocki, "in order to insure for the winter we must eat meat sparingly during the summer."

Crops are reported to be excellent. Probably meat cards will be issued throughout Germany. The food dictator is on the job to take the stranglehold out of the British blockade. He must prevent the starvation of Germany by its enemies. He must provide an equitable distribution of the nation's food. He has done much already and expects to do much more.

Saturday representatives of the larger German cities will begin a conference in Berlin over the establishment of food depots.

JITNEYS CAUSE BIG LOSS TO RAILWAYS OF STATE, IS CLAIMED

SACRAMENTO, June 5.—It is expected that the total loss to the railroads, claimed to be due to jitneys, in one year will be from five to seven million dollars.

CITY PERILED AS ICE FLOATS DOWN RIVER

NOME, Alaska, June 5.—Council City was almost completely swept away by floating ice cakes from the Neukluk river, according to long distance telephone reports received here. Many buildings in the lower part of the town were demolished.

The ice jammed in a canyon a short distance below the settlement, causing the water to back up, and with its burden of heavy ice, to flood the streets. Fortunately, the warehouses in which most of the food was stored, are situated at an elevation which the water did not reach.

A blizzard raged here yesterday, and sluicing operations which began last Wednesday were suspended.

Residents of the inundated part of Council City had ample warning of the flood and so far as known here no casualties resulted.

RAILWAY EMPLOYEES GET RAISE

DALLAS, Texas, June 2.—All the unorganized employees of the Chicago, Rock Island and Gulf Railway company, Texas subsidiary of the Chicago, Rock Island and Pacific, will receive increases in salaries, effective June 1, it is announced here.

LOVE SUIT REJECTED, DUTCH AERO OFFICER SLAYS SELF IN L. A.

LOS ANGELES, June 5.—Alleged to have been closed in love by his sweetheart in Holland, Captain N. C. Van Stein, commander of an aeroplane corps and touring the United States, succeeded by turning on the gas at his apartment this morning.

A local firm was building planes for the Dutch government and Van Stein was here superintending the work.

1100 MEN SUMMONED, 10 ORPET JURORS IN

WAUKEGAN, Ill., June 5.—The defense today passed the third full panel of jurors. Unless the state is able to disqualify them they will be sworn in and the taking of evidence will commence.

WAUKEGAN, Ill., June 5.—The fourteenth panel of veniremen to be called for examination in the trial of Will Orpet, University of Wisconsin student charged with the murder of his former sweetheart, Marian Lambert, appeared before the court today.

More than 1100 men have now been summoned for examination and there still are two places in the jury box to be filled.

DOCKMEN REFUSE WAGE RATE RAISE

SAN FRANCISCO, June 5.—The striking longshoremen today refused to resume work on a ten per cent raise which was proffered.

EN ROUTE TO PARLEY

LOS ANGELES, June 5.—District officers of the longshoremen's association from every coast port today are en route to San Francisco to confer over the strike.

MAIL SACK IS ROBBED OF \$5000 IN CURRENCY

ROUND UP, Mont., June 5.—A pouch containing registered mail was cut open and rifled of between \$4000 and \$5000 in currency in the Milwaukee depot in Round Up Thursday night, according to information given out by postal authorities. The cash is said to have consisted of bank remittances and postal funds from Klein to the depositors at Helena.

The robbery was not discovered until the clerk on the train opened the pouch to sort its contents.

GOOD ROADS

Placer Herald: We believe the best advertising a county or community can do is to have good roads. The day of glass jars and processed fruit and chamber of commerce jawbone is past. Any community can make an exhibit of processed fruit and vegetables and they do not have to be grown in that particular locality, either. There is nothing new about this kind of advertising. It does not attract the attention that it used to.

We believe that if all the immigrant fund, and all of the money the county spends for "boost" purposes, were put on the roads, it would result a hundred-fold more than any other kind of advertising.

WILSON DRAFTING REPLY TO NOTE OF CARRANZA

COLUMBUS, June 5.—Gen. Pershing and staff arrived at camp here today from Mexico.

WASHINGTON, June 5.—President Wilson today began a draft of his reply to the Carranza note demanding a withdrawal or an explanation of why the United States should keep its troops in Mexico. With the help of Lansing a rough draft may be completed tomorrow. The note is expected to be ready for delivery within a week. It seems certain that a withdrawal will be refused but the terms of the note will be so as to leave Carranza ample opportunity to "keep himself right" with the Mexican public.

The administration plans to have the reply in Carranza's hands before the week ends, forestalling as much as possible the expected adverse criticism of the President's Mexican policy at Chicago.

Complete and peaceful conditions below the border, the note will state, must prevail, with some degree of certainty that wholesale banditry and lawlessness and raids on American territory can not re-occur.

It is reported that the anti-American feeling of unrest will be cited as the reason for the American troops remaining in Mexico.

4TH MARINE REGIMENT PASSES THROUGH HERE EN ROUTE FOR INDIES

SAN DIEGO, June 5.—The Fourth Regiment of Marines, stationed here, left this afternoon for New Orleans, where it will embark for Haiti and Santo Domingo on the transport Hancock. Telegraphic orders to this effect were received by Colonel J. H. Pendleton, commanding the regiment. The regiment, consisting of eight companies and band, with an enrollment of 718 officers and men, left on three special trains over the Santa Fe railway to Los Angeles, thence to Houston and New Orleans.

It is understood the Fourth Regiment will supplement the marines already on duty in the turbulent island republics. The eight companies will be distributed between Port au Prince and Santo Domingo city.

JACOB H. SCHIFF IS VINDICATED IN N. Y.

NEW YORK, June 5.—Jacob H. Schiff, widely cheered as "the greatest Jew alive," was completely vindicated at the annual Kehillah convention of charges that he had given ammunition to the Russian government by declaring the Jews in Russia and Poland responsible for their own misfortunes.

A resolution was adopted declaring the confidence of the Kehillah, which is an organization composed of various Jewish political societies, in Mr. Schiff. It was adopted with but one dissenting vote out of a hall full. The dissenting vote was shouted out by a reporter on a paper which is attacking Mr. Schiff, and almost caused a riot.

FORCE REPUBLICANS TO SELECT JURIST, IS CHANCE HANDED 'MOOSE'

CHICAGO, June 5.—The Progressive national committee today named what is practically a conference committee to consult with the Republicans upon a platform and candidate. It consists of Geo. W. Perkins, Hiram W. Johnson and Horace Wilkinson and will be known as a publicity committee.

CHICAGO, June 5.—By mid-afternoon today Justice Hughes had achieved a commanding lead. The Progressives admitted that there has been a Roosevelt slump, but they expect a revival later.

CHICAGO, June 5.—With "Will Justice Hughes define his position on the great national issues?" as the question around which the political gossip of the day revolves, the old guard today made its first definite proffer to the Progressives.

In the face of the declaration of Progressive leaders that only by a clear-cut statement as to the Justice's stand on preparedness and kindred issues could there be any hope of a joint nomination, the old guard is secure in its own belief that it can control the votes of a majority of the delegates, and the dominant forces of Republicanism want the jurist.

But the Republicans want Hughes only if they are convinced that he can win in November.

Therefore, the preliminary feeler to the Progressives was to ascertain whether or not an agreement would be possible with Hughes as a candidate running on any sort of platform the Progressives might require.

The old guard is not belittling the power that it feels the Progressives can swing and its plan went down further than the mere suggestion that an agreement come about on Hughes.

The plan went so far as to embrace a scheme by which the Progressives might be able later to say that they were the ones who put Hughes over.

The old guard scheme was to have the Progressives meet Wednesday, or not later than Thursday night, to nominate Hughes.

The Progressives could well "point with pride" that by their action in naming Hughes they forced the G. O. P. into selecting the same leader.

The Progressives, who have been waiting for some sort of an olive branch suggestion, made known that they were first for Roosevelt, yet were for Hughes only if some satisfactory statement of principles could be extracted from Hughes. Failing that, they flouted the big stick for a third ticket.

There appeared to be but little doubt today that Hughes could be nominated if "the big three," Penrose, Barnes and Crane, so say.

These three do not think that Roosevelt could possibly draw all the votes of a united party.

The Progressive national committee met at 10 o'clock this morning. The chief purpose of this meeting was to arrange the credentials, which have been sent here by the secretary of the state conventions or brought in person by the delegates. There were no contests.

Raymond Robins of Illinois was selected as the temporary chairman of the Progressive convention. Walter Brown of Ohio is slated for permanent chairman.

WASHINGTON, June 5.—There were an increasing number of calls from Chicago today for a statement from Justice Hughes. His secretary said: "No statement is contemplated."

CHICAGO, June 5.—Justice Hughes' nomination on an "early ballot is inevitable," Frank Hitchcock, Hughes boomer, today stated.

"Hughes will receive more votes on the first ballot than the combined strength of the favorite son candidates and his nomination on an early ballot is inevitable."

CHICAGO, June 5.—John McGrath, Roosevelt's secretary, today declared positively that the Colonel will not come to the Chicago convention.

RECOGNIZE SUFFRAGE, IS WOMEN'S DEMAND

CHICAGO, June 5.—Thirteen hundred determined suffragist delegates of the woman's party convention today descended on Candidates' Row in the downtown hotels where the delegates to the Republican and Progressive conventions are quartered, demanding immediate and decisive action toward the submission of a federal equal suffrage amendment.

BURTON TO BE ABSENT FROM CHICAGO

CLEVELAND, June 5.—Senator Burton will not go to the convention, he told his friends today. It would not be dignified for him to do so, he said.

DRIVE ON HUGHES SEEN IN 'MOOSE' DEMAND

OYSTER BAY, June 5.—A drive by Theodore Roosevelt on Justice Hughes was seen today in a statement of Lucien Bonheur, Progressive leader, calling on Hughes for a statement regarding his attitude on German-American support.

"Hughes can keep silent on many things, but when he faces the German-American alliance issue he has no business to be silent," Bonheur said, "otherwise he is a candidate of the German-American alliance."

T. R. PLEASED BY LETTER FROM SHERBOGAN

OYSTER BAY, June 5.—Theodore Roosevelt today was "highly gratified" by a letter from W. F. Zierath at Sheboygan, Wis. The letter said, in part:

"I hope to have the pleasure of voting for you, either as a nominee of the Republican party or as the head of another party, an American party. Anyone who believes that the German-American Alliance (hostile to Roosevelt) is the spokesman for the Germans of American birth is misinformed."

Zierath said he was a "man of German descent, and of much Teuton blood."

PARSONS SAYS HUGHES
WILL ACCEPT
CHICAGO, June 5.—Herbert Parsons

of New York, on his arrival here Saturday, made the unequivocal announcement that Hughes would accept the nomination. The statement was regarded as significant because of the fact that Hitchcock, on his arrival early in the week, made a similar statement which he later denied. Mr. Parsons said: "I think Hughes will be nominated on the first ballot and he will accept the nomination."

"Have you any authority for saying that Justice Hughes will accept the nomination?" Mr. Parsons was asked.

"I repeat, Justice Hughes will accept the nomination," was the reply.

Mr. Parsons added the assurance that he will be named to succeed Barnes as national committeeman from New York.

CALIFORNIA BUSINESS MEN ENDORSE COLUMB

SAN FRANCISCO, June 5.—R. M. Tobin, chairman of the executive committee of the Roosevelt Republican League of California, has given out a telegram signed by thirty business men and sent to each member of the California delegation to the Republican national convention. It urged the delegates to vote for Theodore Roosevelt for the presidential nomination and was expected to reach the delegation at Ogden, Utah.

"ALL OR NOTHING" FOR FAIRBANKS

CHICAGO, June 5.—Nothing short of the presidential nomination for Fairbanks, the Hoosier favorite son, his headquarters today announced.

DEMOCRATS DISCUSS NAMING CHAIRMAN FOR NATIONAL COMMITTEE

WASHINGTON, June 5.—Democrats today discussed the possibility of a successor for William F. McCombs as chairman of the Democratic national committee. They still mentioned John W. Davis of West Virginia, but added the names of Joseph P. Tumulty, the president's secretary, and Postmaster General Burleson.

THE CITY POLICE

RELIEVED MEX.
OF SEVERAL
BOTTLES OF
BOOZE

In their activities to prevent liquors getting into the hands of Mexicans, local officers are keeping close tab on the cholos, and whenever they see a Mex with a bundle under his arm their suspicion is aroused and they investigate. This course yesterday led to confiscation of several bottles of beer carried by Mexicans returning from Newport Beach on jitneys. They carried the beer under their arms wrapped in paper. No arrests were made but the men were warned against repeating the offense.

Cut the Corner
P. T. Hadley was this morning assessed \$5 by City Recorder Willson for cutting the corner at Fourth and Bush yesterday.

Broke Probation
E. M. Sinnett was taken into custody yesterday for being drunk. He is

under a two-year probation sentence, and was turned over to the county authorities.

Drove Over Fire Hose
Joe Flores paid a fine of \$2 in the City Recorder's court this morning for driving over the fire hose yesterday during the fire. The offense was committed at the corner of Tenth and Bush. Flores was driving a horse and buggy.

Stole Hose
Mrs. I. L. Brisindine, 422 West Walnut, this morning reported the theft of a 100-foot hose from her place last night.

Ran Away With Girl
Officers are searching for Frank Laguna, who is reported to have run away Saturday night with Manuela Rodriguez, a 13-year-old girl.

**P. E. TO BOOM URBITA
PARK, PLAN, AS GATE
CITY PASSES JIT LAW**

SAN BERNARDINO, June 3.—Requiring regular routes and time schedules, both subject to approval by the city council, a jitney bus regulatory ordinance has been adopted, to become effective July 1. The jitney bus operators declare many machines will go out of business. It is announced the Pacific Electric is preparing to open Urbita Park, its big inland pleasure resort, on a more extensive summer entertainment program than ever before, now that the jitney bus ordinance has passed.

SPEEDING AUTO
CRASHES INTO
STANDING
CAR

Driving a big National Six at a high rate of speed, a party of Los Angeles Japs last night crashed into an automobile standing on the state highway near Tustin. The latter machine is the property of H. D. Ainslie of 1232 South Grand, Los Angeles.

Mr. and Mrs. Ainslie were returning from San Diego, and had stopped so that Mr. Ainslie could light the lamps on his machine. The car was stopped with the right wheel well off the pavement. The Jap driving the National evidently did not see the machine until he was upon it, and veered just enough to prevent his machine striking the other head on. The running board on the left side of the National was stripped, and the fenders slightly damaged. The car driven by Ainslie was put out of commission. Seeing that a collision was certain, one of the Japs threw his hands in the air and commenced to yell. When the car struck he was thrown to the pavement. He escaped with a severely wrenched back, Dr. Gordon being called to attend him after the party reached Santa Ana. Later the party returned to Los Angeles.

Mrs. Ainslie was sitting in the standing machine, which was knocked twenty-one feet. She was not injured. The Jap skidded his machine for sixty-five feet in his efforts to stop it.

FAMOUS SANBORN
PRODUCTS MAY
BE MADE
HERE

"Sanborn's—123 varieties—manufactured in Santa Ana, Cal."

Wouldn't that look good printed on labels pasted on bottles of high-class pickled fruit, etc., sent to every big city and every little hamlet in the United States and later into every home in the United States!

While it is not probable that there will be an opportunity to place the number at 123, there is very strong possibility of Santa Ana becoming the manufacturing center for the brand of goods that made the Sanborn products famous throughout the United States some years ago, and which took many gold medals at the Chicago world's fair.

Mr. Sanborn, who founded the big industry, and whose name is known in every household, is now a resident of Los Angeles. He is not now engaged in putting up the brands which brought him fame, having disposed of his business some fifteen years ago.

He was in Santa Ana a few days ago—he came down here for a special purpose—to inspect the Taylor canneries and submit a proposition to Taylor Bros. for the manufacture of pickled products under recipes to be furnished by him. He was very favorably impressed with the character of the equipment of the local canneries, and particularly the method of canning and handling in vogue at this big plant. He had heard many flattering comments on the products of the canneries and came to see and judge for himself. He at once submitted a proposition, and it is now under consideration by the management.

TO MAKE PERFECT CAKE
The following items are necessary: Good sweet butter, strictly fresh eggs, the finest granulated or powdered sugar, the best pastry flour.

Have ready on a tray the following additional things to work with: A pitcher of milk, a sifter, a mixing bowl, spoons of various sizes, an egg beater, a small bowl, flavorings of various sort, a graduated cup, scales, salt, baking powder.

Salt improves every cake, whether it is mentioned in the recipe or not.

GET POSTMASTERS OUT
POLITICS, PLEA HEARD
BY CLUBWOMEN IN N.Y.

NEW YORK.—An appeal to two million American clubwomen to help take the Postoffice Department out of politics was made by the civil service reform leader, Richard Henry Dana of Boston, before a session of the Federated Women's Clubs national convention.

Dana declared the political appointment system has made the United States postal service the poorest and most inefficient in the world.

The remedy Dana suggested was to put every postal service job, from the four assistant postmaster-generalships down to the lowliest carrier of a rural route, on a competitive examination basis under strict civil service rules.

The speaker asserted that more than 90 per cent of all postmaster-generalships paying \$1000 a year or more are changed with every national administration, and that appointees to the big assistants' jobs in Washington sometimes are changed twice in an administration.

Dana condemned "the vast majority of postoffice appointees" as being "either politicians or broken-down failures in business whom some politician desires to foist upon the United States for support and who almost never know or learn anything about the intricacies of the postal service."

Dana declared the recent order that all postmasters devote all their time to the postoffice service will only "make their postoffices a political headquarters." He pointed out that we have had fifteen postmaster-general in the last thirty years and suggested a long term appointment.

He suggested the division of the country into postal districts, with a division superintendent for each one. In praising the railway mail service, Dana said it was efficient only because it has been under civil service for years.

In concluding, the speaker declared that, although our postal service is sixty years behind that of other countries, bills now in Congress for its reform are ignored because the people do not rise up and demand that the reforms be put through.

Unclaimed Letters

The following letters remained unclaimed in the postoffice at Santa Ana, Cal., for the week ending June 3, 1916:

Mrs. J. S. Anderson, Mrs. Hedwig S. Angle, Rev. G. W. Atkinson, Mrs. Marie Barton (2), W. S. Conley, J. Cutler, Mrs. S. De Costen, Mrs. Fred Jordan, Mr. and Mrs. L. King, Mrs. McCormack, Mrs. L. McIntyre, Miss S. Naganuma, F. G. Schalk, J. B. Schindler, Mrs. I. Smart, Mrs. L. Smith, L. L. Smith, W. D. V. Smith, J. P. Parker, Mrs. Lulu Vanghan, Bill Wagoner, Miss S. Warren, S. T. Wilson.

Manuel Acuna, Anireto Aroyo, Antonio Castro, Ruperto Eredia, Bautista Espinosa, Abraham Gonzalez, Gutierrez Mendoza, Miss Mercedes Ortega (2), Zeaarias Perez, Santos Reyes, E. Viescas.

If the above letters are not called for within two weeks, will be sent to the dead letter office. When calling, please say advertised and give date.

**THE GRINNELL "LEWIS" ELECTRIC WASHER DOES
YOUR WASHING FOR ONE CENT AN HOUR**

One cent an hour for current for washing and wringing. Sometimes it costs even less. And the Grinnell "Lewis" really washes. It doesn't merely bunch the clothes up in a heap. Its backward and forward motion mixes the suds and clothes far more thoroughly than you ever could by hand. The result is a clean, white, sweet-smelling washing. And you don't need to hand-rub a stitch afterward.

It can not harm your finest laces; for dasher and walls are perfectly smooth. It's easy to use; just insert the plug into your electric light socket, turn the switch, and there you are. The motor hums merrily and the washing is started. You don't need to touch it until it is ready to wring. Then simply switch the power to the ball-bearing wringer and wring your thickest pieces with perfect ease.

FULLERTON FIRE BURNS PACKING HOUSES, LOSS \$35,000

The Benchley and Sutherland Plants are Gone In Flames Of Unknown Origin

FULLERTON, June 5.—Entailing a loss of approximately \$35,000, fire of undetermined origin last night destroyed a packing house and an adjoining smaller building owned by the Benchley Fruit Company, and a packing house owned by the Sutherland Fruit Company of Los Angeles, Riverside and Fullerton. The damage inflicted to the signal system of the Santa Fe Railway Company by the fire was estimated at \$1000. No one was injured.

The estimate made by William Benchley, manager of the Benchley Fruit Company, of the damage to his plant follows: Buildings and equipment, between \$20,000 and \$25,000; four cars of oranges and two cars of lemons in the building, besides a partially loaded car on the track, were destroyed. They are not included in his damage estimate.

The buildings were well covered by insurance. The damage to the Sutherland Fruit Company's building was conservatively placed at \$7000. Officials of the company could not be reached for a statement.

The fire originated in the Benchley packing house and at the time the flames were discovered they were practically beyond control. The blaze communicated to the Sutherland packing house, a short distance away, and the Anaheim fire department was summoned.

One freight car standing on the tracks near the burning packing houses was rushed to safety, but the heat drove railroad employees back when they attempted to rescue a second car.

It is believed the fire had burned nearly an hour before it was discovered.

SANTA ANA TEACHERS WIN EVERY EVENT BUT 2 IN TENNIS TOURNAMENT

Winning every event excepting the men's first singles and men's first doubles, a delegation of Santa Ana high and grammar school teachers decisively defeated all other entrants in the annual county teachers' tennis tournament staged at Fullerton Saturday.

Placentia was the only town in the county to have a grammar school representation of teachers. Of the five county high schools, Huntington Beach and Orange were not represented.

Santa Ana was represented by Superintendent of Schools J. A. Cranston, F. E. Chaffee, D. K. Hammond, Charles F. Deaver, W. C. Clayton, Theodore D. Kelly and Misses Marie Toney, Mary Swann and Agnes Paden.

WINDSHIELD SMASHED IN CRASH CUTS FACE OF ARIZONA WOMAN

Glass from a windshield, broken when the automobile in which she was riding struck a pole at the corner of Washington and Bush streets, lacerated the face of Mrs. E. H. Nicholson, of Wilcox, Ariz., at about 8 o'clock yesterday evening.

The machine in which Mrs. Nicholson was riding was driven by Phillip Laux of 626 East Seventeenth. Also in the machine were Mrs. Laux, sister of Mrs. Nicholson, and Mrs. Julia Kunderling of 626 East Seventeenth street, mother of Mrs. Nicholson. The Laux machine was traveling west on Washington. Laux gave a signal, showing that he was about to turn south on Bush. Another machine, whose number was not obtained, approached at an alleged high rate of speed from the south on Bush.

The second machine swooped by in front of the Laux car, the front wheels of the latter car just grazing the rear wheels of the former. Before Laux could stop his car, or swerve, he was forced to run into a telephone pole.

Laux's car was somewhat damaged. None of the occupants of the machine were thrown out. Other than two cuts on Mrs. Nicholson's face, caused by flying glass, none of those in the Laux car was injured.

Mrs. Nicholson's injuries were dressed at the Santa Ana Hospital and she was later taken to the Laux home.

LAY CORNERSTONE OF BEACH CHURCH SUNDAY AFTERNOON

Hundreds of people from all over Orange county will attend the laying of the cornerstone of the First Methodist church at Seal Beach next Sunday afternoon at 2:30 o'clock.

Dr. H. W. Peck, district superintendent of the Methodist church, will preside at the ceremonies.

Addresses will be delivered by W. H. Thomas of Santa Ana, judge of the superior court; Dr. J. W. Neely, pastor of Grace Methodist church, Long Beach; E. M. Brown of Santa Ana, secretary of the Y. M. C. A. of Orange county; R. H. Gossom of Long Beach, secretary of the Y. M. C. A. of Long Beach.

Music will be by a male quartet of Long Beach, J. W. Patterson, leader, and the orchestra of the First Methodist church of Santa Ana, Prof. Haynes, leader.

DIRECTORY
The Santa Ana Directory Co. are nearly ready to publish the new Directory of Santa Ana. Millinery Sale now on at Gilbert's. Beautiful new Summer Hats at a great reduction. Take the elevator.

LAW DESIGNATES NUMBER TO BE ELECTED

Under New Schedule Republicans of Santa Ana Lose One Central Committeeman

Acting under the instructions of the state law, County Clerk W. B. Williams today made the calculation that determines the number of county central committeemen to be elected by each of the five parties at the August primaries.

The law specifies the divisions that will be made, and under it the total number of county central committeemen of any party will be not less than twenty in any county and not more than twenty-five. The variation occurs through the "fall" of a majority and minority of the unit of selections.

The actual registration by parties on the first Monday in June is the basis of the calculation. The First Supervisorial District loses one committeeman under the new schedule. This is due to the fact that the registration of Republicans in Santa Ana is less in proportion to the rest of the county than it was two years ago when the present central committee schedule was made out.

Central committeemen will be nominated much the same as other officers, and the candidates for the positions will appear on the ballots at the August primaries. They will be elected by supervisorial districts, each district voting upon its central committeemen only.

The following is the schedule made out today by the county clerk:

Republican—Supervisorial District No. 1, 6; No. 2, 3; No. 3, 6; No. 4, 4; No. 5, 3.
Progressive—Supervisorial District No. 1, 7; No. 2, 2; No. 3, 6; No. 4, 3; No. 5, 2.
Democratic—Supervisorial District No. 1, 7; No. 2, 3; No. 3, 6; No. 4, 3; No. 5, 2.
Prohibition—Supervisorial District No. 1, 6; No. 2, 3; No. 3, 5; No. 4, 4; No. 5, 2.
Socialist—Supervisorial District No. 1, 4; No. 2, 4; No. 3, 7; No. 4, 2; No. 5, 3.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, June 5.—Mr. and Mrs. Harry Shipkey, proprietors of the Sunshine Apartments, entertained their apartment guests Friday evening with a pleasant party. Games, music, impromptu dancing and other diversions filled the evening hours. True to his promise, made when invitations were issued, Mr. Shipkey introduced several original dances, among them being his own "Orange Glide." Orange punch was served throughout the evening, a delicious luncheon of sandwiches, cakes, ice cream and other dainties were also served the guests.

An orchestra composed of Messrs. H. T. Newman, L. F. Loescher and Will Loescher furnished excellent music for the dancing. Guests of the occasion were the following: Mr. and

E. Heinrich, Evan L. Miller, W. E. Barnard, Dr. H. P. Merrill, W. L. Taylor, all of Orange; the Misses Ola Hall, Etta Hall and Eva Levitt of Covina, Arthur A. Barnett and Joseph E. Rogers of San Francisco and Mr. and Mrs. Harry Shipkey.

A most delightful evening was spent and Mr. and Mrs. Shipkey showed themselves royal entertainers.

Mr. and Mrs. D. Klander, of North Tustin street, celebrated their silver wedding anniversary Friday evening with a delightful reception to a small party of their friends. The affair was a very pleasant one for all concerned.

Mrs. L. R. Orr and Mrs. May Orr of Los Angeles are visiting at the A. L. Hitchcock home on South Olive street. They are aunt and cousin, respectively, of Mrs. Hitchcock.

C. S. Enfield, who was recently injured, left Saturday for San Francisco, where he will go to the general Southern Pacific Hospital for treatment.

Miss Ila and Ole Hall of Lordsburg have taken apartments for the summer at the Sunshine on East Maple avenue.

DAIRY MAKES HIGH SCORE UNDER AN INSPECTION BY OFFICERS

—With a score of 4 per cent less than perfect in equipment, 12½ per cent less than perfect in method of handling, and a perfect score on the health of the cows, the Harmon dairy on South Sullivan street, is establishing a milk delivery service in Santa Ana. This score was made last week by Los Angeles Milk Inspector Harlow. The inspection to meet the demands of the Los Angeles Health Board is a great deal more rigid than under the state health rules and the high score registered is reported with considerable pride by E. W. Harmon, the owner.

Mr. Harmon has for several years been wholesaling the products of his dairy in Los Angeles and Long Beach, and has decided to give the residents of this vicinity opportunity to avail themselves of the high grade of milk produced at his dairy.

O. L. Graham, who has been engaged in the business in this city for himself and with other concerns for a number of years, is the distributor. He has arranged for the complete outfit of the Harmon dairy and is establishing routes in the city. He has already secured a large list of customers and is making the delivery personally by auto.

Inspection is under two classes—method and equipment. Under the first a perfect score was registered for cleanliness of stables; cleanliness of milk room; drainage and white washing; care and cleanliness of utensils, which are thoroughly washed and sterilized for twenty minutes; inverted in pure air; udders cleaned with a moist cloth; cleanliness of attendants; milk immediately removed from stable; prompt cooling; efficient cooling.

From the cow to the cooler in three minutes, from the cow to the consumer within five hours—these are points on which the management prides itself. The milk is chilled within three minutes, which kills the animal life and prevents bad odors. Morning's milk is not delivered in the afternoon, nor afternoon milk the following morning—the customer receives it within a very few hours after it is drawn from the cows. The animals are cleaned and the udders washed with a moist cloth before every milking, and the attendants are dressed in spotless white milking suits.

The dairy will be known as the Sanitary Dairy, but phone numbers are under the names of O. L. Graham, distributor, Sunset 49344, and E. W. Harmon, 325133. A call on either phone will receive prompt attention.

Health Officer's Report
City Health Officer J. I. Clark gives the dairy the following clean bill of health:

"This is to certify that I inspected the dairy of E. W. Harmon, who supplies milk to O. L. Graham for delivery in the city of Santa Ana, on April 22, 1916, with State Inspector Ray Hasson, who scored the dairy under the State Dairy score card system, and that the score of said dairy was 76, being the best score of nineteen dairies inspected at that time. Each cow in this dairy has been tuberculin tested and all are free from tuberculosis."

The state inspector gave the dairy a score of 76 on April 22, and the Los Angeles inspector on June 1 scored it at 83.75 per cent. Mr. Harmon was informed by the state inspector that the average dairy score throughout the state was 56. When this is taken into consideration, the score of the local concern is a very high recommendation of its efficiency.

The public will be welcome at any time to visit the dairy.

FORTY ARRESTED AT SEAL BEACH FOR SPEEDING AUTOS

SEAL BEACH, June 5.—More than forty arrests have been made by this city's motor cop since his appointment about two weeks ago, in a campaign against speeders.

Several traps have been laid both on the boulevard leading to Santa Ana and Long Beach to catch the speeders.

LAST DAY

Tomorrow is the last day of sale of Gold Medal Hoosier Kitchen Cabinets that attracted so much attention at the Panama-Pacific Exposition in San Francisco last year.

More interesting, more entertaining, more valuable to every up-to-date housekeeper than a lecture on domestic science.

Scores of your neighbors have seen this demonstration at our store the past week and learned how to cut their kitchen work in two.

After Today--Which Will You Do?

Remember there are Hoosiers for farms, camps, apartments, big and little kitchens, for window spaces and the center of big kitchens. No further need for old-fashioned, built-in, uncleanable cupboards.

The Hoosier is a wonderful kitchen machine that revolutionizes kitchen work. Come, see exactly how it operates—see how it excels all other cabinets made. Remember you need buy this cabinet only once in a lifetime. So that every day you delay having us deliver your Hoosier you are making yourself do unnecessary work, waste energy, time and steps.

Hoosier Gold Medal Sale

\$28.85 to \$51.00

\$1 ON DELIVERY

\$1 WEEKLY

NO EXTRA FEES

NO INTEREST

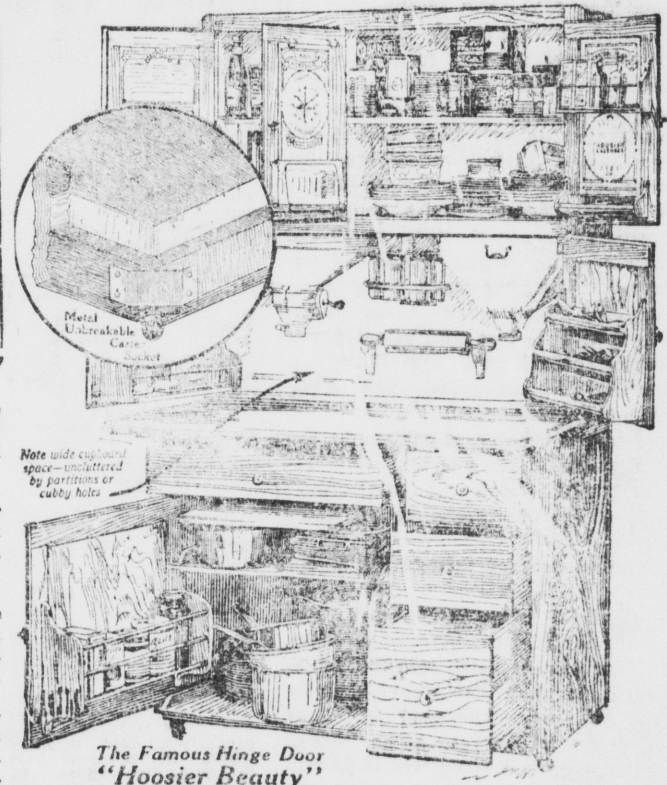

Money-Back Guarantee.

The Panama-Pacific Judges awarded the Highest Honor and Gold Medal to Hoosier because of its Superior Construction and Unrivalled Convenience.

Hoosier's Shaker Flour Sifter makes flour fluffy and light; works faster than most sifters; avoids grit or broken wire; can't wear out.

Hoosier's Double-Acting Sugar Bin is the only bin from which sugar can be taken with equal ease from top or bottom. It has three times the capacity of most bins.

These are only two of the many prize-winning features. Come and see them all demonstrated at our store tomorrow. Please come in the morning if possible.

FRUIT AND ECONOMY

California, the home of fruits, more than any other state should hasten to the support of Uncle Sam's campaign to stop the waste of fruits. Here in Orange County, where orchards thrive, the advice given to "can, preserve and jelly" is of particular interest.

Government reports for the United States say that the prospect for a generously sufficient crop of fruits of various kinds is good. Cherries, peaches, plums, apples and the berries are expected to be plentiful. With this in mind, the federal government bureaus concerned with such matters and societies of one kind and another formed for the betterment of living conditions are urging that time be taken by the forelock and preparations made for conserving more of the fruit crop than ever heretofore. All of us know that the waste in our fruits is enormous.

Before autumn is again at hand it is predicted that the cost of living will be even greater. All the staples, it is said, will advance in price, and, at the same time, everything required by human beings, not only to feed them, but to clothe and shelter them, will follow the upward course of the food cost. The dollar that buys less now than it bought a year ago is likely to buy still less six months hence. Nor is there any prospect of a downward trend within the year. Even should peace come to Europe, it is the opinion of those well qualified to judge that high prices will continue.

There is, accordingly, more need now than in the past to make provision for the future. And more need to put an end to the extravagance and waste that hitherto have marked our handling of the fruit crops especially. There should be few reports this year of peaches, pears, cherries, plums and apples rotting on the trees or on the ground. The surplus should be preserved. The government reports assert that growers can equip themselves at little cost with portable preserving outfits, and, with their use, convert loss into profit. The housewife, at the same time, whether of the city or the country, is advised by the federal economists and by the various organizations interested to increase her store of "preserves" of every sort.

The wisdom of this advice is evident. We have already felt the effects of the great war—we are, from day to day, in everything we purchase, making our financial contribution to the havoc and devastation that the war produces. The need of doing something to offset the higher cost of living is obvious. We can serve ourselves and the world at large in no better way than by eliminating a waste that is, every year, an appalling extravagance without excuse or reason.

THE PRACTICE OF USURY

Social workers express concern about the growth of usury. This is an age of hand-to-mouth living, and many people consider only the question whether there is enough money to pay the immediate bills. The desirability of accumulating capital or making provision for misfortune never occurs to them. Hence the "loan shark" through whose intervention only is the family able to tide over its periods of special distress. He is a despot controlling more destinies than is often realized. After a household gets in its debt, he grasps a large share of its total income. His interest return is far in excess of that to be secured in legitimate business.

Fortunately the "loan shark" is an unknown person in this prosperous Orange County. He thrives in the big cities.

Of course, people who live from hand to mouth can never get a low interest rate. The losses of the business are too many. Usury is the penalty visited on thriftlessness. These losses have to be charged up to the honest poor who mean to pay and do. They carry many dead beats on their backs.

A well conducted loan business will discriminate carefully between borrowers. The man who drinks and gambles is never entitled to credit. If his family suffers, the loan should be made to the wife or children, if they are responsible. If not, charity is the only way out.

No regulation of interest rates by law amounts to much. The business is done out of sight and after dark. One man's evidence about it is apt to be as good as another's, and it is next to impossible to prove anything.

In the city of Boston \$50,000 has practically been raised to establish credit unions to loan to the poor at fair interest. Citizens of the Hebrew

race, whose people have been so often accused of practicing usury, have been prominent in this effort to check a vile practice. It is a needed charity and a very worthy one.

AMUSEMENTS

At the West End
Bombs to the right of him, bombs to the left of him, bombs in his pockets, bombs in his hands, bombs in his hat—bombs everywhere, and John Barrymore nearly expires of fright and terror when he finds himself elected by a band of Nihilists to assassinate the Czar himself! He has been introduced to them as the foremost American king exterminator, when in reality he is nothing in the world but a terrified corset salesman. But, fearing for his life if the desperate characters discover that he is not one of them, he consents to draw lots with them to see upon whom shall fall the "honor" of killing the Czar. Of course, he "wins" and the others, delighted at the turn of affairs, gleefully heap their deadly bombs upon the petrified Barrymore.

All this happens in "The Red Widow," being shown at the West End Theater tonight, Tuesday and Wednesday.

CLEAR SKIN COMES FROM WITHIN
It is foolish to think you can gain a good, clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young, adults and aged. Go after a clear complexion today. 25c at your druggist's.

W. A. HUFF

The Political Watchtower

They are raising so much dust at that little political eruption that is going on at Chicago, that the Watchman is having an awful time getting his spyglass focused on anything close to home.

People will talk in a casual sort of way as to who is going to run for assembly, but what they really want to know right now is the name of the man the Republicans are going to nominate.

It is all right to start an argument on Kettner, but before you get through laying your foundation for a tremendous slam at the Democrat who was sent to Washington to represent this tariff district, up comes someone with the information that they are going to give it to Hughes, or Roosevelt, or Root, or some other of those various seekers who are stirring up history in Chicago.

Even Jackman's recent peregrination into the Second Supervisorial District in an effort to create a resignation where there was no resignation, in his desire to wither supervisors and name new ones, has taken a back seat for the doings in Chicago.

Jackman has gone to Chicago. Temporarily he has withdrawn his pyrotechnic presence (look up that word pyrotechnic in the dictionary) from our midst, and has left the county and the Taxpayers' League to take care of themselves during his absence. It is understood that he has left a report for the league to take up and consider while he is away. Here's betting that that report is not urging that another letter be sent to Tom Talbert asking that he resign!

But in spite of the goings-on that are going on in Chicago, the Watchman has reached that period in his daily grind when he desires to say that in this year of 1916, the Eleventh Congressional District is going to elect a congressman. The Watchman has Republican notions, and he can't see why under the sun a Republican district will consider sending a Democrat back to Congress.

There are about 40,000 other Republicans in the district who have the same kind of a notion.

If those notions stay put until November, Brudner Kettner is going to have a splendid opportunity to remain in San Diego to attend to his business, which business demands his attention. We know it demands his attention because Kettner has said so. When Kettner sent out a letter to all of the newspapers last fall he stated positively, absolutely and forever and then some, that he was not going to be a candidate this campaign because he could no longer throw the burden of his business in San Diego upon his partner. He felt that he just had to go to work and make some money.

It would be a great pity to longer keep Kettner away from that business. The Republicans hereabouts who have felt the effect of the Democratic slashing on lemons agree that Kettner's return to San Diego to stay is a matter of business with them also.

Not in years have the Republicans of this district been so fully determined upon sending a Republican to Congress as they are this year. That is the word that comes from all over the district.

There are two avowed candidates for the Republican convention, and a whole list of prospective candidates. There is likely to be as many favorite sons mentioned prior to the Republican conference at San Diego on July 1 as have been mentioned back East in these last few months.

There's Lyman M. King of Redlands. He went into the race three months ago, and is still in it.

DISPOSAL OF WALNUT CULLS

With Direct Profit to the Grower and Indirect Profit to the Community

Written For the Register By Dr. J. G. Bern eike

Upholding a Theory
If we would be logical and consistent in upholding our beautiful theory previously mentioned, we must stop putting near grade nuts, i. e., between 85 and 70 per cent cracking test, into the market in competition with our standard "Diamond Brand" nuts. They bring the grower 10 to 13 cents per pound. Must we turn them over to the cracker, where they will bring him 5 cents a pound? On the other hand if we would be practical and efficient we must handle culls between 70 and 45 or 50 per cent cracking test on the same basis as we now handle those between 85 and 70 per cent. We would turn those below 45 or 50 per cent over to the cracker and get all we can out of them.

Substitute rational sliding scale for that at present in use on near grade nuts, with such modifications as expediency may demand. We shall be getting more for our near grade, that is, come nearer getting their full value. We can reserve those between 70 and 50 or 45 per cent for the Coast trade, where freight rates cut little figure. By doing the cracking locally we can cut off dead freight to Los An-

Then there is Joseph Seymour of Imperial county, a young man who has the backing of his own county central committee but whose strength outside of his county rests largely upon the fact that nobody knows him and therefore nobody has anything against him.

Harbison of San Bernardino, editor of the Sun, has not said he was a candidate. He has said, however, that he was considering the matter. Harbison is one of the best known of the Republicans whose names have been mentioned.

Away down south in San Diego is a variety of aspirations. When Kettner changed his mind about the necessity of returning to his business, there was a slump of candidates in San Diego. But there are plenty of them left to make life interesting, and what is more they have got some mighty good men thinking it over.

There's Col. Fay, who, beside being a guardsman officer of long service, is a city councilman of the Bay city. He is looked upon here as entirely likely to get the San Diego support for the nomination, though it has been intimated that he hates like the very mischance to run against his old friend Kettner.

There is some talk of J. C. Needham. Needham is a perennial candidate. He has been running for Congress so long that he would be lost without having it on his mind. He wouldn't sleep well of nights.

The Orange county leaders have given the Needham people to understand that Needham looks like an impossibility. The nomination of Needham would make them feel as jubilant as a champion who gets a solar plexus jolt in the first round. They feel that Needham has had one beautiful chance to beat Kettner, with the result that he was beautifully trimmed in every county in the district. That ought to be enough for any ordinary candidate. The Orange county leaders have a lot of respect for Needham's ability, but that word ability does not mean his ability to get elected.

From away back, months ago, there has been talk of an Orange county man getting into the race. Never a campaign goes by that does not bring the mention of C. C. Chapman's name for some kind of an office. He has been mentioned as a possible candidate for congressman, but so far as can be learned it has gone no further than the mentioning.

District Attorney L. A. West was given a healthy backing, and there was no question but that he would make a strong race. However, West has been preserving a discreet silence that has been taken by some to mean that he is no longer considering the proposition.

This month of June will line things up on the congressional proposition. The county central committees of the various counties are arranging to select delegates to the San Diego convention to be held July 1. Orange county Republicans are to hold their primaries on June 24. Chairman Duckworth and Secretary Reinhaus of the central committee have the call preliminarily prepared, and it will not be long before the matter of selecting a congressman will hold the center of the stage so far as local political interest is concerned. That time, however, will not arrive until after the Chicago convention is over with.

After that convention closes, we can expect some rapid developments in a number of things. Whatever twists and turns that may come in the Assembly, Senate and Supervisorial elections will show up within a short time.

to two grades, those intended for resale and those intended for cracking. Or let them stand the cost of sorting at the packing house.

Nuts for resale will undergo the usual cracking test, and the sacks will be marked accordingly. No bleaching or grading to size need be done, expense can be saved here.

Yet, if grading proves the better plan, it may be done. The price on culls should be fixed by the central association, for all packing houses. The selling can be done locally at less expense, and will be chiefly to local or coast buyers and peddlers.

Bleached Culls and Bleaching Culls
It is a fact that bleached or packing house culls bring the grower about two cents per pound more than the same quality of unbleached culls. Bleaching costs a small fraction of one cent per pound. Bleached culls deceive the customer into believing that he is buying regular grade, standard walnuts. We have no business to become intentionally partners in such deception.

Peddlers Bleach Culls
One of these peddlers told me that he bleached culls with sulphur fumes. This is cheaper than chloride of lime, but also more destructive of flavor and keeping quality. Their rapid and early sale, however, does not call for keeping quality.

This same peddler told me that he sorted culls costing him three to five cents, and sold them at nine cents. He cracked the poorest looking ones.

Push the Santa Ana Plan
If the plan outlined here appeals to the membership of the association, then let them urge their board of directors to take it up, and urge their delegate to push it with the central association.

It is time to get out of the old rut and hew out a better path for the future.

Concerning the walnut cracking plant, I will write later. Just this now: Garden Grove paid out \$1,000 in wages to its own people, handling 30 tons of culls. Santa Ana would have paid out \$7,000 to \$10,000 last year if we had had a cracking plant to handle the members' culls, and every grower would have received better and more prompt returns. The Santa Barbara association has had its own cracker for several years. The Richmond association of Orange, proposes to have one this year.

COFFEE

From the Grocerteria Point of View

Twenty years ago the grocer sold all the coffee. Now 60 per cent of it is sold by mail order houses and peddlers. There are two reasons for this change in coffee conditions. 1st, the grocer has figured an enormous profit on coffee and 2nd, the mail order man has undersold him while the peddler has met his prices and given premiums besides. In rendering delivery cheap and quick the parcel post has been a great factor in aiding the mail order house.

Gerrard Bros. through the grocerteria plan are prepared to meet this condition. They offer you the standard brands of coffee at a saving of from 5 to 12 per cent.

On bulk coffees they propose to give you the quality that ordinarily is sold for 35c and 40c at 30c per lb; the 30c quality at 25c per lb; the 28c quality at 22c; the 25c quality at 20c; the 20c quality at 15c. These coffees are guaranteed to be of the quality represented.

Gerrard Bros. want your co-operation to save you money on all your groceries. If you will furnish the patronage they will guarantee to furnish the goods with all the quality at money-saving prices.

A call at their store, 314 West Fourth street, to inspect the quality and prices of their stock will convince you. Their business is growing steadily in volume and in favor with the public.

Arizona State Lands

\$3.00 AN ACRE

38 years to pay for them. 5 per cent interest on deferred payments. Title direct from state to purchaser. All that's Good for You in Oats

It is the fusel oil in most rolled oats that give them the strong and rancid taste. **Sperry Pure Rolled Oats** contain no fusel oil because that objectionable constituent is absolutely removed in dry kiln roasting. The Sperry Flour Company operates the only dry kiln in California.

The purity of **Sperry Rolled Oats** is demonstrated by the fact that it makes a perfect food for infants and convalescents. To get the superior rolled oats buy Sperry's in the air-proof "red" package.

Try This Sperry Recipe

It's Very Healthful

Sperry Rolled Oats Bread

2 cups boiling water 1/2 cup brown sugar
2 cups rolled oats (soak till water is lukewarm) 2 cups warm water
1/2 cup molasses 2 tablespoons shortening
1 cake yeast 1 tablespoon salt
Sperry Flour, enough to make stiff batter; put in warm place over night, then add flour to knead; let rise again, put in pan, and let rise double in size; bake one hour.

Ask your grocer for the Quality Cereals—Sperry in the red package

SUNDAY WEDDING

Miss Augusta Yount Becomes Bride of George H. Merrill At Her Home

A very pretty home wedding was solemnized yesterday, when Miss Augusta A. Yount, daughter of Mr. and Mrs. Henry Yount of 844 Van Ness avenue, became the bride of George H. Merrill of Los Angeles.

The home was very attractively decorated with pink and white roses, sweet peas and ferns. The bridal couple was unattended, except for the winsome little flower girl, Evelyn Yount, daughter of Mr. and Mrs. Charles E. Yount and niece of the bride, who carried the golden band on a silver tray in a bed of rose petals. As the party entered the living room, Miss Fernie Smith, close friend of the bride, played the wedding march.

Rev. E. J. Inwood, pastor of the First Methodist church, officiated at the impressive religious service, which was witnessed by thirty-six relatives and close friends.

Following the shower of hearty congratulations, delicious ice cream and cake were served, the bride cutting the bride's cake with attending merriment. She threw her bouquet of pink sweet peas and maiden hair ferns, which was cleverly captured by Miss Luvicy Carter.

Many handsome and useful gifts were received by Mr. and Mrs. Merrill and their many friends will follow them with good wishes.

At 2 o'clock a family dinner for fifteen was served, the table being centered with sweet peas. Mr. and Mrs. Merrill then left for San Diego for their honeymoon. They will be at home in Los Angeles after July 1.

Miss Yount was born in Tustin and has lived there and in Santa Ana all her life and has hosts of friends in both places. Mr. Merrill is in the employ of the Pacific Electric Company, where he has been for nine years.

Mile Nickel Slips

All members holding mile of nickel slips for Dry Federation campaign in the Santa Ana V. C. T. U., must have them in by Tuesday, June 6, to forward slips to state convention.

Send to Mrs. E. H. Prince, 702 Hickey street or leave at Williams & Company, feed store, corner Fifth and Sycamore streets.

TO HONOR MOTHER

Mr. and Mrs. John Cochren Hosts At a Pleasant Noon Dinner For Mrs. Myers

A most delightful noon dinner was served on Saturday last, Mr. and Mrs. John Cochren of Orange avenue entertaining a few Kansas friends in honor of Mrs. Cochren's mother, Mrs. F. R. Myers, who leaves soon to return to her home in Sabatha, Kansas. She has been here since Easter.

The table decorations consisted of pink and white roses, covers being laid for eleven, including the hosts, honoree, Mr. and Mrs. Charles White, Mrs. Bullard of Long Beach, Mrs. Mayson of Portland, Ore., Mrs. Sam Mason and Mrs. Hollister of Los Angeles, Mrs. A. M. Gardner and Harvey Gardner.

The afternoon hours sped rapidly away with social chat.

House Party at Balboa

Miss Pauline Parsons entertained a house party at the Parsons cottage at Balboa Saturday in honor of the birthday of George Platt. A fine big birthday cake was one of the features of the birthday dinner, served Saturday evening, and following the party attended the dance at the pavilion.

Bathing and canoeing were enjoyed Sunday. Those composing the party were Mr. and Mrs. H. F. Platt, Mr. and Mrs. L. Baade, Mr. and Mrs. Virgil Clem, Mr. and Mrs. George Wells, Miss Carrie Graham, George Platt and Harry Baade.

Pleasant Musical Program

In place of the regular service at Spurgeon Memorial church last evening, the following delightful program was rendered:

"Large" (Beethoven), Misses Caroline Haughton and Hester Covington; soprano solo, "Tarry With Me, O My Saviour" (Park), Miss Oneta Buckley; reading, "There Is No Death" (Locke), Mrs. James Paul; cornet and piano duet, "Humoreske" (Dvorak), Julian Mathews and Miss Hester Covington; Ladies' Chorus, "The Sacrifice of Our Lord" (Anon.).

Second Section Household Economics

The Second Section of the Household Economics class will meet at 2:30 p. m. next Wednesday with Miss Fannie Smart, 714 North Main street. The subject will be "Persia."

JOLLY MASQUERADE

Section Three of Intermediate School Entertained At Keach Home

The hospitable home of Mr. and Mrs. E. E. Keach was the scene of a pretty masquerade party Friday evening, when the children of section three of the Intermediate school were delightfully entertained. The spacious home, bright with flowers, made a pretty setting for the quaint and dainty costumes of the young folks. There were Grecian maids and Yama-Yamas, flower girls and Chinamen with real pig tails, prim Colonial dames and Indian maidens, all on the best of terms, and with one thought—to make the evening long to be remembered by those present.

After the unmasking, jaunty caps of pink and green were donned, and under the leadership of Misses Jones and Peterson an exciting "track meet" was held, the losing side serving and entertaining the winners the remainder of the evening.

The occasion especially honored Miss Jones, the class teacher, whose supervision during the year has been thoroughly appreciated by her section. A huge basket filled to overflowing with lovely flowers was presented as a token of regard in which she is held by her young friends. During the evening a pretty cake, bearing three candles for "Section Three" was placed before Miss Jones and after a portion was cut for each member of the class, the interior of the cake revealed a mysterious box, which upon opening was found to contain a lovely set of silver spoons, a farewell gift from the girls and boys who will remember with pleasure their association with her.

Another surprise came when a large birthday cake, bearing twinkling candles was placed before the young son of the house, Douglas, announcing that the gay evening was also in his honor.

Delicious refreshments of cake and ices in the prevailing colors of pink and green were served and after a good-bye song, the merry party reluctantly said good night.

Those enjoying Mr. and Mrs. Keach's hospitality were Marie Gregg, Edna Patmor, Marie Tannahill, Alice Strong, Madeline Keach, Frances Shepherd, Muriel McPhee, Alberta Cooley, Edna Spencer, Elizabeth Parslow, Grace Cargay, Gertrude Latimer, Grace Garrett, Cynthia Shepherd, Thomas Alexander, Paul Andrew, Hase Strong, Roy Britton, Chester Stafford, James Kelly, William Elwing, Ross Clark, David Walker, Meredith Gerhart, Franklin Adams, Erle V. Simon, Douglas Keach, Joseph Prevost, Miss Maude Jones, Miss Verna Peterson, Mrs. L. K. Strong; the class mother; Mrs. H. W. Shepherd and Mrs. Jones.

Farewell Dinner

Mr. and Mrs. Emery L. Peacock entertained the men of the Santa Ana branch of the Southern Counties Gas Company meter shops Saturday evening at 6 o'clock dinner in honor of John Glavin, who is leaving to take charge of the meter shop in Venice.

A three-course dinner was served and music, conversation and smoking passed a pleasant evening.

British Red Cross Concert

On Friday evening at 7:30 o'clock the British Red Cross Society of Orange County will give an open-air concert and dance on the grounds of Charles Twist at 1520 North Main street. The festivities will open with a vocal and instrumental concert, at which the talent will be both local and from Los Angeles.

After the concert there will be a dance on the tennis court, with the Elks' Band furnishing the music.

Mr. Twist is busy getting ready to illuminate the grounds and putting up booths, at which refreshments will be sold. There will be a wienie bake in one corner, where you can either toast your own or buy them ready cooked, while listening to the band. Admission, which is 25 cents, includes the dancing and concert. The proceeds will be devoted to the Allied Red Cross.

W. C. T. U. Flower Mission Meeting

The regular meeting of the Belle Rogers Union will be held in Armory hall parlor on Birch street, near Fourth, tomorrow afternoon, at 2 o'clock. A specially prepared program will be presented by Mrs. Cade, the superintendent. Rev. A. T. O'Rear.

Eye-Glass Insurance

BIRTHDAY SURPRISE

T. P. Kingrey's Natal Day Is Happily Celebrated, Made First-Class "Victim"

T. P. Kingrey has now decided that he will have "to take it all back," as he has always made the boast that no one could get a surprise party "over on him."

Last Saturday being his birthday, arrangements were made for a surprise and it was determined that the affair would be a complete surprise, which it turned out to be.

Unknowningly assisting the merry-makers in their plans, two friends dropped in to visit with Mr. Kingrey and he, entirely unsuspecting, was enjoying himself, when Rev. Paul E. Wright, carrying his new baby, burst in on the quiet scene, followed by a large company of neighbors.

The evening hours were merrily spent with various games, W. D. Barker and Mrs. John Ryan being captains of the two sides, the latter winning out. Miss Waive Kingrey, daughter of the hosts, sweetly sang several numbers.

A jolly feature was a fake birthday cake, which announced Mr. Kingrey's age as 63 years, which was greatly resented by his aged mother, who was present. Afterwards the real article with ice cream in colors of pink and white, was served. The home on South Birch street was prettily decorated with red and green, tushias and maiden hair fern being utilized.

Those present were Mr. and Mrs. W. D. Barker and son Lyman, Rev. and Mrs. Paul E. Wright, Mr. and Mrs. John Runyan, Mrs. C. E. Read, Mr. and Mrs. R. E. Coulter, Miss Mooney, Miss Madge Ashley, Mr. Mooney, Mr. and Mrs. D. W. Sturgeon; Misses Zelma and Eleanor Sturgeon, Miss Kate Richards, Mr. and Mrs. Joseph Smith, Mrs. E. J. Cooper, Mrs. Emma Vencil, Mrs. R. E. Hall, Mrs. J. Hall, Miss Mary DeWitt of Medicine Lodge, Kan.; Mr. and Mrs. J. P. Johnson and daughter, Miss Ann Johnson; Mr. and Mrs. W. A. Lowman.

Personals

Mrs. George H. Dobson made a business trip to Pasadena today.

Mrs. Cecil Dubois and Miss Marvel Baker were among today's visitors to Los Angeles.

Mrs. M. V. Budrow spent today in Los Angeles.

Miss Alice Clausen spent the week end at home.

Mr. and Mrs. Fred Kingston and little daughter, Evelyn, Mrs. Kingston's mother, Mrs. Commer, and Miss Mitchell, sister of Mrs. C. A. Kingston, were Sunday guests at the home of Mr. and Mrs. C. A. Kingston.

Misses Marguerite and Leona Holsten of Dodge, Nebraska, returned to Los Angeles this morning, after a visit with Mr. and Mrs. Hugh Dierker at Orange.

Lawrence Parsons, who has just graduated as president of his class from San Fernando, is here on a visit of a few days with his cousin, Clayton Tillotson. He is on his way north to Pacific Union College to take up the study of medicine.

K. Tillman of Pasadena motored to Santa Ana yesterday and spent the day with W. D. Moore and family of 2022 North Bush street.

C. D. Holmes and E. D. Holmes of the Holmes Realty Company, left Saturday over the Salt Lake for Idaho Falls, Idaho, to look after land interests. From Idaho E. D. Holmes will return here, while his brother goes to Detroit, Minn., where they also have large interests.

Mrs. A. L. Tucker and Mrs. Thomas Hopper of this city attended the International Bible Students' Institute convention at Belvidere Saturday. The convention was held at the Erickson.

ranch home, and about 100 were present.

Mrs. Mary Lipps and son left this morning for Chicago. They have been visiting at the Orange home of Mr. and Mrs. John Maag, Jr., being mother and brother of Mrs. Maag.

Mrs. J. W. Smith and two sons of 1002 West Fairview avenue, left this morning over the Santa Fe for Spencer, Ia., for an indefinite stay.

Miss Adelaide Willits, of the Orange County Title Company, and Miss Myrtle Meyer, deputy county clerk, left Saturday over the Southern Pacific for eastern points. Miss Meyer goes to Valley City, N. D., and Miss Willits to Chicago. They will visit the big trees, Shasta Springs, Seattle and other places en route. They will be absent several weeks.

S. J. Jackman took his departure Friday over the Southern Pacific for Chicago to attend the Progressive convention.

Mrs. L. M. Forney and three children have gone to Lumber, Pa., upon a visit to relatives. They went by way of New Orleans, traveling over the Southern Pacific.

Mr. and Mrs. J. W. Nelson, of 410 South Broadway, will leave tomorrow for Marshallfield, Miss., where they will visit with relatives. They will travel via the Southern Pacific.

D. W. Hall is en route to New York and other eastern cities, where he will visit friends and relatives. He took his departure Friday, by way of the Southern Pacific. He will be absent five or six weeks.

S. F. Burgess and wife left Saturday for Kansas City, going over the Southern Pacific.

H. O. Howell was a Southern Pacific passenger Saturday for St. Joseph, Mo.

BURNING SULPHUR FOR FUMIGATING PURPOSES ALMOST FIRES HOUSE

Placed under a bed for fumigating purposes, a quantity of burning sulphur in the home of R. H. Shields, 822 North Shelton street, yesterday morning came very near being much more effective than was intended, the chemical setting fire to the bed and gaining considerable headway before Shields discovered the blaze. An alarm was turned in, but with the aid of a garden hose Shields extinguished the flames by the time the apparatus arrived. Except for a quantity of burned bedclothes and a scorched wall, no damage was done.

Millinery Sale now on at Gilbert's. Beautiful new Summer Hats at a great reduction. Take the elevator.

MEXICAN STABBED IN BACK DOES NOT KNOW WHO USED THE KNIFE

There was rhythmic music and graceful tripping at a Mexican gathering at Stanton Saturday night. There was also a flow of liquor and a flow of blood. Just by way of making the dance lively some one stabbed Manuel Rodriguez in the back. When Sheriff Jackson, Under Sheriff Iman and Deputy Fowler tried to find out about the stabbing yesterday, they could find no one who knew anything about it, none except Manuel, and all that Manuel knew was that he had a hole in his back where some one had thrust a knife. Manuel did not know who did it. Manuel's memory of the dance was hazy.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors for their kindness and sympathy during our recent bereavement in the loss of our mother and grandmother, and also for their beautiful floral offerings.

S. E. PARKER AND FAMILY.

YORBA LINDANS ARE SHIPPING LEMONS

Rapidly Developing Section
Getting Excellent Crops
From Its New Groves

YORBA LINDA, June 5.—Nearly 2000 acres of the orange and lemon land surrounding the new city of Yorba Linda have been set out to lemon orchards since its sale by the Janss Investment Company during the past three to five years.

The first shipments are now being made and it is expected that nearly 200 cars will be required to handle the pack of the first season's crop. This may be considered almost a record, as none of the orchards are over four years old and only a very small part of the 2000 acres has yet reached that age.

Edward Jones, who purchased six acres of this land near the townsite and planted it to lemons four years ago this month, reports a total of 674 boxes picked from his trees during the past four months and two months' pick yet to come, and the average price at the packing house is \$1 a field box.

With this rapid coming into bearing of these young lemon orchards it is expected that Yorba Linda will take first place among the lemon shipping

A WELL-KNOWN WOMAN SPEAKS.

Los Angeles, Cal.—"It gives me great pleasure to add my testimonial to the many you have already. I cannot say enough in praise of your great medicine, 'Favorite Prescription.' Had used several different medicines for woman's disorders but found none that did me any good until I learned of yours. Using yours I got quick, excellent results. Will always sing the praises of Dr. Pierce's medicine. My mother and sisters also used them and found that they were all that was claimed for them. It is always a great pleasure to tell a suffering woman of these remedies, and I always find that whoever I tell of the good they will do is afterward ready to join in the praise. May I always be in reach of them."—Miss MATTIE LOU CARTER, 1514 S. Ardmore Ave.

Every woman who has reason to believe that backache, headache, pain, low spirits, sleeplessness, irregularity or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself to speedily overcome the trouble before a general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs with pure glycerine, containing tonic properties of the most pronounced character.

FREE—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 605 Main Street, Buffalo, N. Y.

points in Southern California within two years.

The Janss Investment Company, which has sold all the land surrounding the townsite, reports a heavy demand for lots in the new city of Yorba Linda, and sales to the following during the past three weeks: R. S. Schaffer, two lots, \$750; J. B. Parks, two lots for \$675; Annie E. Allen, lot, \$225; W. A. Hersey, two lots for \$450; A. Duffield, a business lot for \$425; L. A. Ferguson, lot, \$425; Lily A. Harris, lot, \$625; H. E. Carnes, lot, \$425; M. B. Gale, lot, \$385; W. G. Martin, \$225; R. F. Knight, \$285; Dan Higgins, business lot, \$425; A. R. Martinez, \$240; W. F. Brashear, \$240; R. E. Higgins, lot, \$425; and R. A. Knight, three lots for \$725.

APPEAL IS MADE FOR AID FOR SALVATION ARMY OF SANTA ANA

The following appeal has been issued by Captain Woodside of the Salvation Army:

Our work consists of several different branches. We help people who are down and out in all walks of life, from the poor unfortunate boy or girl who has made a mistake in life to the old man or old lady. Those whom we have helped in our little city of Santa Ana are not all bums or tramps. Some are men of education and business ability who through a mistake in life or accident or possible sickness, have been brought to the bottom.

At the relief station of the Salvation Army, 916 East Fourth street, we have cared for over 2000 in the seventeen months we have been in your town. From a boy of 14, on up to the old man of 83, they have stayed with us. Not only men but women and children have been housed and fed. None are turned away unless found unworthy. Each case is well considered.

Our object is not to pass up anything for the good of mankind and therefore we help all who come under our care. We also visit in the homes of the poor and distressed of our city, not only with words of comfort but with food and clothing, fuel and furniture, to meet whatever the needs may be, and many times we have given medical aid and attention.

We do all in our power to find employment for the unemployed, rest for the weary, and food for the poor. The reader of this article has a right to send any one whom he knows is worthy to us and we will do our best to supply the needs.

The Ministerial Association and the M. & M. Association are behind our work, but they cannot bear all the burden. We want your co-operation also, as our burden has been very heavy.

We have also held 280 street meetings besides sixty-eight jail meetings in the seventeen months of our labor here. We can use old furniture, bedding, shoes, old clothes of all kinds, groceries, fuel of all kinds and also cash donations. It is through monthly cash donations that our rents and bills are paid. If you have articles lying around that are not in use, telephone us or drop a card to the Salvation Army and we will take them away for you, and by helping us with these things you help those more unfortunate than yourself. All donations in cash should be sent direct to Captain J. T. Woodside, 916 East Fourth street, Santa Ana, Cal., or call 609-J Sunset and Capt. Woodside will come.

COMPANY L TO BE IN PARADE

Local Guardsmen to Take Part
In Preparedness Demonstration June 14

This morning Captain J. L. McBride, in command of Company L, Seventh Regiment, N. G. C., received orders from Colonel Schreiber to have his company take part in the preparedness parade that is to occur in Los Angeles on June 14.

Captain McBride will inform the members of the company at drill to night of the plans for the company on June 14. The men will get transportation and an allowance for one meal. They are not to be paid for the day's service. Satisfaction in having aided the cause of preparedness is to be their compensation.

GARLAND IS ORDERED TO SANTO DOMINGO

Edward J. Garland, son of Mrs. Sarah Garland, 318 Eighteenth street, Santa Ana, is with the expeditionary force of U. S. Marines that was ordered to head for Santo Domingo on board the U. S. S. Tennessee, for the protection of the American legation there during the current revolt against President Jimenes.

When inspection breaks out anywhere to the south of Key West or north of Venezuela, the U. S. Marines are always first on the spot. Preparedness is the motto of the Marine—"soldier and sailor, too"—always prepared for service in any climate—always prepared to move at a moment's notice without previous warning, and always prepared to efficiently hold the "situation well in hand."

Young Garland enlisted in the United States Marine Corps at its Chicago, Ill., recruiting station on August 3, 1915.

For best service to Newport and Balboa take Crown Stages.

Nothing To Be Added To The Maxwell

YOU will never want to add anything to your Maxwell.
The purchase price includes everything you will ever need or desire for luxurious motoring.

You won't want to disguise the hood or buy a new body or put in another carburetor or ignition system or install electric lights or a self-starter.

You won't want a new radiator or springs or new spark plugs or shock-absorbers or a new top.

You need add nothing for comfort, reliability, beauty, economy or convenience. If it is a Maxwell, your car, your experience and your investment are complete.

That is the way that Maxwells are designed, manufactured and sold.

Question the owners of other motor cars—any other motor cars—and see if they are equally satisfied with their motoring investment.

ORANGE NEW PRINCIPAL MAY BE NAMED TODAY, ORANGE

ORANGE, June 5.—With forty-two applications for the position of principal before them, the Orange Union High School trustees at their meeting Friday evening narrowed the field to about ten, and today the selection of one may be made. These will be further and carefully considered before the board announces its selection. Papers and applications of the thirty-two candidates were ordered returned so that they might be free to apply for an opening elsewhere.

Several of the applicants for the principalship appeared in person before the board, among them being Mr. Williams of Pasadena, Bert N. Carner of Pacific Grove, Mr. Leslie of Los Angeles, Mr. Holter of Chino, and Mr. Grant of Ferndale. The board went into the executive session to consider the matter, but the only action consisted of eliminating a portion of the applicants. The president, R. W. Jones, was absent. The board will meet today as a teacher's committee to further consider the selection. This meeting will be held at the high school if Mr. Jones is able to attend. If not it will be held at his home in El Modena.

OWL DRUG EMPLOYEES FROLIC AT POPULAR SEAL BEACH RESORT

Swelled by hundreds of employees of the Owl Drug Company of Los Angeles, who staged their annual picnic, the crowd at Seal Beach yesterday was the greatest that has so far this season visited the popular resort. Automobiles by the score, from all points in Orange and Los Angeles counties wended their way to the beach yesterday and the numerous concessions were busy from early until late. Hundreds indulged in dips in the surf. Running races, both forward and backward, and various other athletic events were staged on the sands by the rollicking drug clerks and all had a royal good time.

LARKIN APPOINTED
ANAHEIM, June 5.—E. L. Larkin will assume the duties of manager of the local office of the Pacific Telephone and Telegraph Company today. Larkin is well known in this city, having been with the Martenet Hardware store for some time.

ON STATE HIGHWAY
FULLERTON, June 5.—James Tennant, former superintendent of streets for the city, will leave tomorrow for Oceanside, having accepted a position to work under the State Highway Commission. Mr. Tennant's territory will be defined by the limits of San Diego county.

Sale of Suits—You can save \$10 on your new suit at Gilbert's. Take the elevator today.

Dr. Jacobs, Santa Ana Painless Dentist, 102½ East Fourth. Phone 253.

FULLERTON REFUSE TO PUT BRUNTON BACK ON THE JOB

FULLERTON, June 5.—The trustees of the Fullerton Union High School, after listening to speeches by members of the student body, by one member of the faculty and discussion among themselves, denied the petition which had been circulated by the high school students and which bore the signatures of voters seeking the reinstatement of Delbert Brunton, principal of the high school, who was dismissed by the board.

Three of the board, Trustees Travers, Good and Key, voted to deny the petition and Trustees Kreighbaum and Stewart voted for it. The students present denied that the student body contemplated striking for the reinstatement of Mr. Brunton.

Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California? Do you know that according to Government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States? Do you know the almond territory is more limited in area than that of the English Walnut and that Paso Robles Almonds were awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom here.

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year? Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

Protect your buildings against fire!

See to it that the roof is as permanent as the foundation, because the roof is just as important.

Put on a roof that cannot burn under any kind of a fire test; that cannot leak, no matter what the climatic conditions; that will keep your buildings cool in summer and warm in winter.

The only roofing that fulfills these requirements is

J-M ASBESTOS ROOFING

Made of Asbestos (stone) fibre and genuine Trinidad Lake Asphalt, it is practically indestructible.

It is as permanent as the rock foundation you build on, and defies weather, time, fire, gases, chemical fumes, etc.

No skin coat of paint or gravel surface to wear away. No painting bill or repair bill.

Its first cost is the only cost.

Write or call for Samples and Booklet.

CONFEDERATES
MEMORIAL DAY
IS OBSERVED

Confederate Decoration Day was observed here Saturday, June 3, with memorial services at the cemetery. The twenty-third Psalm was repeated in concert and prayer was led by Rev. C. S. Perry.

A wonderful abundance of rare and beautiful flowers was placed on the graves of departed veterans.

Upon return from the cemetery, a luncheon was served in the Spurgeon Memorial Church by Emma Samson Chapter, U. D. C., to which more than one hundred veterans and friends sat down. The bounteous feast was served on long tables, set in the shape of a Maltese cross and decorated with colors red and white, with Confederate flags intermingled.

Mrs. Victor Montgomery gave a very touching toast to the veterans, responded to by Dr. H. W. Head with one for the Daughters.

H. C. Head gave a very fine toast for the Sons of Veterans and Master Joe Buckley sang "The Soldier Boy," which won the hearts of all.

After luncheon, the following program in the church auditorium was much appreciated: "The Sweet Bye and Bye," was impressively rendered on the pipe organ by Miss Hester Covington.

A fine paper on "Loyalty to Two Flags" by Mrs. Long of Los Angeles, written for and read at the state convention of U. D. C. in San Diego in

EVER HAVE IT?

If You Have, the Statement of This Santa Ana Citizen Will Interest You

Ever have a "low-down" pain in the back?

In the "small," right over the hips? That's the home of backache.

If it's caused by weak kidneys, I use Doan's Kidney Pills.

Santa Ana people testify to their worth. Read a case of it:

W. A. Obarr, tinsmith, 1925 West Second street, Santa Ana, says: "My work compels me to do a great deal of stooping and I think that was what weakened my kidneys and caused pains in my back. Many times when I was in a cramped position, a sharp pain caught me in the small of my back and almost doubled me up. The action of my kidneys was irregular and the kidney secretions unnatural and off color. I had headaches and dizzy spells. Reading of Doan's Kidney Pills, I procured some from the White Cross Drug Co. They relieved the pains in my back and regulated the action of my kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Obarr had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

Division of responsibility caused the downfall of the local commission government. The people wanted a centralized authority and responsibility.

TESTING WHEELS
Wheels should be tested for side play a few times during the year. Side play will not only cause excessive bearing wear, but tire wear as well. Jack up each wheel and by grasping it firmly and pulling and pushing one man can usually feel any side motion. In many cases the wheel bearings are adjustable.

IN THE JUSTICE COURT

DERKUM AGAIN
CHARGED WITH
BEACH THEFTS

Constable With Search Warrant Finds Some Articles Stolen From Thorpe

John Derkum of Laguna Beach has been arrested on a charge of grand larceny. He is accused of the theft of three drift nets and other articles pertaining to the fishing business from F. F. Thorpe.

Derkum is a fisherman. A few weeks ago he was arrested upon a charge of stealing lobster traps. In that case he was tried by a jury and was found not guilty.

Thorpe reported the loss of about \$75 worth of nets and other articles. Constable Coleman, armed with a search warrant, found some of the articles at Derkum's house and some of them at his boat. He did not find buoys, anchors and rope listed as missing property. Derkum stated that he bought what he had at San Pedro.

When arraigned this morning, Derkum's preliminary was set for June 12. His bond was fixed at \$500.

For Auto Passing

Ralph E. Williams of Santa Ana has sworn to a complaint against D. D. Mason, charging Mason with breaking the state law in endeavoring to pass over his machines when Williams' machine was approaching within 300 feet. The offense is alleged to have occurred on May 20. Williams was going west on the Chapman street bridge and met a line of machines going east. He says Mason left the line of machines, and ran into the machine that Williams was driving.

Thinks it Booze

Yesterday Constable Combs of San Juan Capistrano turned over to Sheriff Jackson a miner named Bill Burbank. Combs said the man had been in Sevierville canyon and had been acting queerly. The sheriff thinks that Burbank has been drinking heavily, and more than anything else needs a respite from booze.

RANGERS ON PATROL

San Bernardino Sun: The work of making new government fire trails and clearing up the old ones has been completed and active patrol duty for the rangers starts this week.

Six more rangers have been added to the force in this vicinity for the summer work and it will be their duty to patrol beats in the mountains constantly, to prevent forest fires and to fight them when necessary.

Ranger Joken reports that the trails are all in good condition. After the heavy storms of last spring it was feared that many trails would be out all summer, but a persistent hammering at them by the government workmen has made them passable.

All the fire lines have been established and everything is in readiness to combat a hot, dry summer in the mountains.

The following new rangers started patrol work Saturday: W. H. Jacobs, at Seven Oaks; J. G. Stanchfield, Del Rosa; W. Deacon, Fredalba; E. B. Lukens, Oak Glen, and A. Shay, Coxey's ranch.

Two additional patrolmen will be placed July 1.

Millinery Sale now on at Gilbert's. Beautiful new Summer Hats at a great reduction. Take the elevator.

Orange County Business College.

CHANGING OILS

One owner who has had his car for three years never has had occasion to remove the cylinders and attributed this to the fact that the cylinder oil was changed each 500 miles. Oil after being used for some time collects minute particles of carbon, grit, etc., which may cut the metal. The gearbox and rear axle housing also should be drained, cleaned with kerosene and refilled with clean lubricant. During the warm weather the lubricant in these cases should be heavier than that used during the winter. A heavy gear oil is better than grease and a hard grease is not recommended.

AT THE COURTHOUSE

NOTE INVOLVED
IN AN APPEAL
ISSUED UPON

Executors of Caroline Conn Estate Brings Action Against Orange Physician

Harking back to a hard-fought contest involving sensational features, today comes the complaint of D. N. Kelly as executor of the estate of Caroline Conn against Dr. D. F. Royer, a prominent physician of Orange. Kelly is suing to collect on a note for \$2500, signed by Dr. Royer on December 17, 1911, and in connection with that action attachment notices have been recorded upon lot 1, and part of lot 6, block A, Library tract, and part of lot 5, Travis tract, Orange.

After Mrs. Conn died, Dr. Royer filed a claim for \$25,000 against the estate, upon the ground that he was entitled to that amount because of a contract that he had with Mrs. Conn under which he was to promote a manufacturing concern. The trial developed into one of the largest fought in the local courts have known. The decision was against Dr. Royer upon the ground that no adequate compensation had been given upon the claim, and upon that ground the claim for \$25,000 was rejected. The case is now on appeal.

In Dr. Royer's case at that time a note for \$2500 was put up by him as a credit upon the claim of \$25,000.

Action upon that note has been brought, Attorneys Scarborough & Forgy filing the attachment papers.

Recorder's Office

Daniel Steele has filed a placer claim location notice at a point 2200 yards from the junction of the San Juan and Carillo roads and about two miles from San Juan Hot Springs.

W. A. Franz has recorded a declaration of homestead upon lots 7, 8, 22 and 23, block 6, Santa Fe tract; value, \$2500.

A decree from Sacramento county shows lot 1, block A, Buckingham tract, Santa Ana, to pass from the estate of Jacob A. Hutchison to Edward E. Hutchison.

Will Is Filed

The will of John G. Burger, who died at Placentia on May 6, was filed for probate today by Attorneys McFadden & Thompson of Placentia. Mrs. May Burger, who is to receive the entire estate of \$10,000, is the petitioner for letters.

Sues for Divorce

Action for divorce was brought today by Minnie Schryver against Walter M. Schryver. Page & Long of Los Angeles are attorneys for the plaintiff. The couple married in Los Angeles in 1907. Desertion is the ground of complaint.

Increase Capital Stock

A certificate showing the increase of the capital stock of the Holmes Loan & Realty Company from \$10,000 to \$300,000 has been filed.

May's Collections

This morning County Assessor Sleeper turned over \$86,592.37 to the county treasurer. That was the amount of the personal property tax collections for May.

Suing for \$5996.50

Suit for personal damages has been brought by Clarence Mix, with C. D. Swanner and Williams & Rutan as attorneys, against H. L. Kerr. On May 6, while Mix was riding a bicycle on North Main street near the city limits he was run down by an automobile driven by Kerr. Damages of \$5996.50 are asked in the complaint.

HOLLAND WAR MOVE
CAUSED BY ALLIES

THE HAGUE, May 2 (by mail).—Despite the statements of certain pro-English newspapers, it is now known authoritatively that it was fear of the allies, and not of Germany, that prompted the Dutch government to take war-like measures a month ago. Certain reports reaching the Dutch government about steps taken by the allies at the Paris economic conference caused grave concern here.

The Minister of War informed newspapermen that the government was expecting an economic crisis of great importance, though he refused to go further in his statement.

Evidently in anticipation of sharp measures by the allies, the government chartered several steamers and sent them to America for wheat.

Measures taken by the British government to enforce the blockade of Germany are steadily becoming more irritating to the Dutch.

This does not mean, however, that

the anti-German feeling of the greater part of the people of Holland has been lessened.

Hollanders are generally convinced that Germany has respected Dutch neutrality in this war only because she depends upon Holland for her food supplies.

The people blame high food prices upon Germany because exportations to the Kaiser's realm have lessened the supply here.

The people of Holland want to be let alone by both sides.

\$303,000,000 WILL BE
LIQUOR, TOBACCO TAX

WASHINGTON, June 5.—Half a billion dollars will be the government's internal revenue tax toll for the fiscal year ending June 30 next, according to a statement that has been issued by Secretary McAdoo. This sum, which Mr. McAdoo says exceeds by many millions all previous estimates, will be made up substantially as follows:

Taxes on whiskey, beer, cigars, cigarettes and tobacco, \$303,000,000.

Taxes on the income of individuals and corporations, \$115,000,000.

Emergency tax collections, \$83,000,000.

The volume of money pouring into the treasury has steadily increased month by month since last fall, until it is now greater than at any time since the effects of the war began to be felt. Mr. McAdoo accounts for the situation as follows:

"The great boom in business is largely responsible for the increase in receipts in ordinary internal revenue.

"The prosperity of the country,

with the attendant wider scope of employment and increase in wages has, in itself, resulted in a larger consumption of taxable articles, greatly augmented the government's revenue."

Consumption of whiskey, cigars, cigarettes and tobacco has increased, according to revenues received, while consumption of beer has decreased during the fiscal year. For the first ten months of the fiscal year receipts of taxes on cigars, cigarettes and tobacco increased \$5,505,121 over the corresponding period a year ago, due in large part, the statement says, to the great improvement in business conditions. The statement continues:

"Notwithstanding the spread of prohibition, collections on distilled spirits for the first ten months of the current fiscal year increased \$10,013,140 over the corresponding period of a year ago. This is due in great measure to the effective enforcement of the internal revenue taxes on distilled spirits."

"The only article of taxation showing a decrease is beer, which is due principally to the increase in the prohibition laws."

SUGGESTS READINESS

Miss Grace Reed, principal of the Willard school of Chicago, complains that "preparedness" is too long, too clumsy, and too difficult to roll over a patriot's tongue. She expresses doubt if any soldier or statesman will ever achieve fame with a command or a phrase which has a sinker to it like "preparedness."

"Preparedness is an awkward word," said Miss Reed last night. "Why not get together on a thoroughly American slogan? Admiral Dewey, cool, typical American genius, said, 'You may fire when ready, Gridley.' 'Ready' is

a word now hallowed in American history. He did not say: 'You may fire when prepared, Gridley.'

"I propose the 'ready' parade, or the 'readiness' parade, or the 'get ready' parade. I think we ought to have a vote on it."

EFFEMINATE FARMERS

They report that all the farmers up that way are busy with their spring sewing, which they are anxious to get in before it is too late.—Williamina (Ore.) Times.
